

Become a Partner with Sphere.it in 2021

Sphere.it has been contributing to the tech community since 2016 by organising conferences focused on state-of-the-art technology and solutions to day-to-day developers' problems.

Previous years in numbers

Adapting to the new COVID-19 reality made us rethink the concept of sphere.it. In 2020 we differed from having our stationary conference and moved online with a series of free micro.sphere.it sessions. They covered up-to-date production system challenges & solutions in different tech areas.

What's new on Sphere.it

Since for the time being, onsite events are still out of reach, we've decided to take Sphere.it to the next level and turn it into a unique space for the tech community, one knowledge-base platform that will collect our best IT talks, as well as host new ones.

Library of tech talks

All presentations from previous events catalogued by various categories, as well as new, high-quality videos with talks prepared by inspiring IT speakers in a brief formula 15-30 minutes - lightning talks.

Frequent live online events

More interactive and engaging panel discussions, AMA sessions, interviews with experts, round tables etc.

Blog

with articles covering the latest tech trends and news about the Sphere.it's community.

Partnership plans

Co-organize an event with Sphere.it on the topic related to your company expertise. It can be a panel discussion/Q&A session or round table, the format is flexible.
